

**TAKE DIABETES  
2HEART**

Take Diabetes 2 Heart is a campaign developed by Diabetes Australia to raise awareness of the link between type 2 diabetes and heart disease. Research shows nearly two-thirds of people with type 2 diabetes don't know heart disease is the number one cause of death for people with type 2 diabetes. This campaign encourages people to have a heart-to-heart conversation with their loved ones about their heart health and to see their doctor.

**I bloody love you**

*Happy Valentine's Day*
